The name Junsei originated from Japan, giving particular reference to 'GENUINE ', which is what we are all about. Whether it is with business relationships, quality of goods or sales delivery, we sincerely do our very best to meet your requirements.

With a wide range of products, Junsei Automotive Enterprise has established sales to the Middle East region, the GCC, African continent, Australasia and Asia. Junsei Automotive Enterprise is your reliable source for trucks, cars and 4WD part needs. We have a dedicated team of staff from all stages of the business, including product managers to sales specialists. In addition to the wide range of OE parts, we also market many international aftermarket brands in our portfolio, such as Denso, Aisin, Hitachi, RIK, Mitsuboshi & NPR..

We totally understand customers' needs in today's fast paced automotive industry. Not only are we able to market both genuine and premium aftermarket branded parts, we also have the capability to range new models to customers' requirements.

Junsei Automotive Enterprise established its Singapore branch in the year 2010. Due to its hard work and dedication, Junsei Automotive Enterprise has become one of the fastest growing companies in the market. This reflects the commitment and perseverance of our company. Our customers rely on us to supply them with the most competitive priced and a complete range of automotive products.
